Professional Summary

Innovative and detail-oriented **IT Professional & Web Developer** with **6+ years of experience** in **software development, IT support, and web technologies**. Graduating with a **Bachelor of Applied Science in Web Development**, I bring a strong foundation in **programming, problem-solving, and technical troubleshooting**. Passionate about leveraging cutting-edge technologies to create impactful digital solutions. Seeking a dynamic role in **IT, Web Development, or Software Engineering** where I can contribute technical expertise and creative problem-solving skills.

My passion for the dynamic and ever-evolving landscape of Information. Technology, with a special focus on the enthralling realm of Web Development. My academic odyssey has guided me towards the pursuit of a Bachelor of Applied Science (BAS) Degree in Web Development, a journey I am proud to have embarked upon at Broward College North Campus. I proudly maintain a commendable 3.6 GPA, a testament to my commitment to excellence. Within the nurturing academic milieu of Broward College, I find myself constantly fueled by an insatiable curiosity to expand my intellectual horizons and delve deeper into the intricate tapestry of the technology universe.

Ultimately, my overarching aspiration is to channel my comprehensive skill set and unwavering dedication into the role of a tutor. By leveraging my accumulated knowledge, practical experience, and innate ability to convey complex ideas, my aim is to foster a vibrant learning atmosphere where students not only comprehend but excel in the world of computer science. My journey is a perpetual pursuit of growth, and I am thrilled to embark on this shared path of learning and achievement at College.
