Professional Experience

Owner | Bicycle Reseller & Bicycle Mechanic

LFG Cycling / LFG Integrated Services LLC | Jan 2026 – Present

- Operate an independently managed bicycle resale business specializing in sourcing, restoring, repairing, marketing, and reselling bicycles.
- Purchased, restored, and sold 90+ bicycles while generating over \$10,000 in sales revenue within the first six months of operation.
- Diagnose and repair mechanical issues including drivetrain adjustments, brake systems, wheel truing, cable replacement, tire and tube installation, bearing service, and complete

bicycle tune-ups.

- Research local market pricing to identify profitable purchasing opportunities through Facebook Marketplace, thrift stores, and private sellers.
- Negotiate purchases, manage inventory, price products competitively, and oversee all sales through Facebook Marketplace and other local platforms.
- Track revenue, expenses, inventory, profit margins, taxes, and business performance using advanced Excel spreadsheets and financial reporting.
- Produce marketing content including product photography, videos, and social media posts to increase customer engagement and sales.
- Manage customer communication, scheduling, and post-sale support while maintaining a strong seller reputation.

Multimedia Editor & Graphic Designer

Self-Employed LFG Integrated Services LLC | 2025 – Present

- Edit weekly video productions and multimedia content using Adobe Premiere Pro and After Effects.
- Design graphics and promotional materials using Adobe Photoshop and Adobe Illustrator.

- Manage digital assets and organize media workflows for ministry projects.
- Create visual content for online platforms and social media outreach.
- Collaborate with ministry leaders to deliver engaging and impactful digital media

Freelance Web Developer

Self-Employed LFG Integrated Services LLC | 2022 – Present

- Built and maintained custom websites using HTML, CSS, JavaScript, Node.js, and WordPress
- Integrated Stripe, PayPal, and Google Calendar APIs for seamless UX
- Improved SEO, page speed, and mobile responsiveness for client websites
- Provided ongoing maintenance and customer support

Student Assistant & Computer Science Tutor

Broward College | Jan 2020 – Jan 2026

- Tutor students in Python, Java, C++, JavaScript, HTML, CSS, and Microsoft Office applications
- Assist faculty with grading, technical troubleshooting, and IT lab support
- Participate in coding projects, peer mentoring, and campus hackathons
